How to Add a Coach to Enhance Your Khan Academy Experience

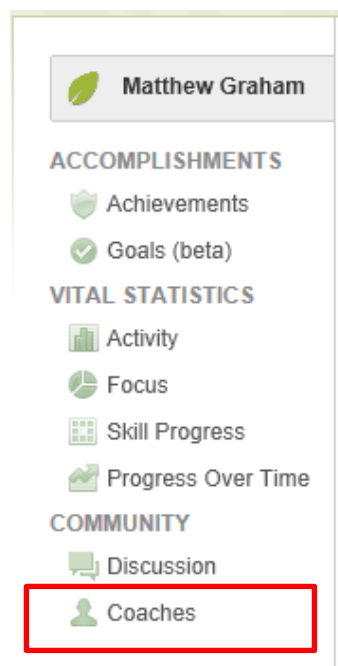

Adding a coach is incredibly easy and important to maximizing your time with Khan Academy. You can add both Mr. Graham AND a parent* (see bottom) as a coach so we can both see the incredible progress you are making throughout the year and how hard you are working. Follow these simple steps to add Mr. Graham and a parent (parent is optional, but encouraged).

Step 1: Login to khanacademy.org.

You should see your name in the top right side of the website. Click on your name to access your account settings.

Step 2: On the left side of your screen, you should see a toolbar similar to the one shown to the right. Click on the “Coaches” option.

Step 3: Under the “Add a coach” option type in the following:
